

# TATE MONROE WATER ASSN., INC.

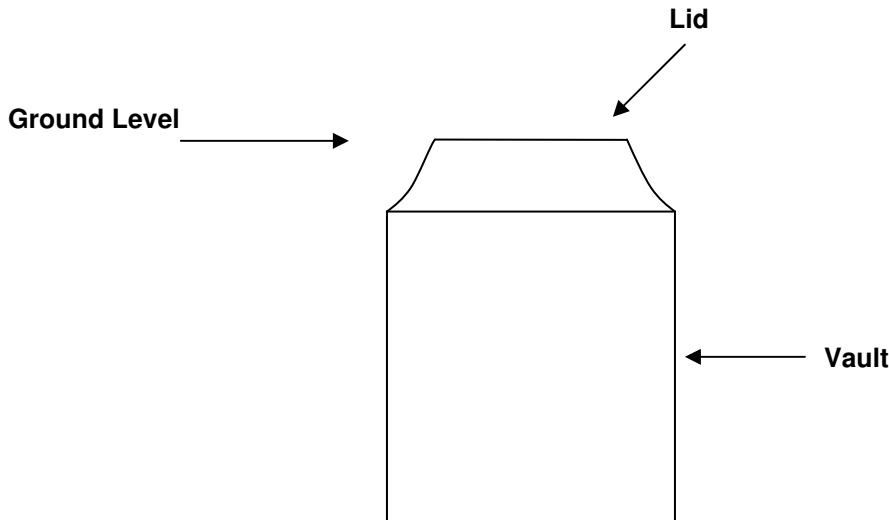

LOCATION: 2599 S.R. 232, NEW RICHMOND, OHIO 45157  
MAILING ADDRESS: BOX 90, BETHEL, OHIO 45106  
PHONE: 513-734-2236  
FAX: 513-734-7950

## Vault and Meter Setting Restoration

All material removed to install your meter setting will be returned to the area. In doing so, it is understood that the area will be mounded and the edges feathered. It is also understood that rains will cause the area to settle and you will have to rearrange the material or add material to secure the final result that you desire.

The top of the setting (i.e.) the lid should be ground level (See the sketch below) to avoid damage to the lid, ring, vault, and the equipment contained in the vault by mechanical equipment.

**Remember:** *Tate Monroe Water will not return to restore the area and that you will be responsible for damage to the meter lid, ring, or vault and any and all equipment contained therein.*
